

Vision and Mission Statement

VISION

To consistently be recognized as

A supplier of choice
An Employer of choice, and

A Company that supports the communities where we do business

MISSION

We exceed our customer's needs and expectations by:

- delivering high quality products and services
- being proactive, hard-driving and easy to work with
- providing practical solutions and expert knowledge
- continually improving our operating efficiency
- conducting our business with integrity

We provide our employees with an environment that:

- treats all individuals with honesty, fairness, dignity and respect
- foster a culture that promotes excellent performance, teamwork, inclusion and participation

We treat our customers and suppliers with respect and create mutually beneficial relationships.

We support the communities where we do business and protect the environment to benefit all people and our planet. The environment and sustainability are key elements of our business proposition.
